

Private/Semi-Private Lessons

Updated: July 2024

Thank you for your interest in private/semi-private lessons with the Carmel Swim Academy. At this time, we are working through all waitlist requests and reviewing the program to ensure it best serves the needs of our CSA families. We are working towards a goal of having this program evaluation and any updates complete by the beginning of September. We will update this space as soon as additional details are available. Thank you for your patience! In the meantime, we encourage you to explore our group swim lessons. Carmel Swim Academy is proud to maintain a low student:instructor ratio to ensure each swimmer receives maximal instruction and attention during each class.
