

Teen/Adult Lessons: Ages 15 and Up

Updated June 9, 2025

Learning to swim at any age is important! If you or your teen are comfortable learning to swim in a group environment, we highly recommend you pursue group lessons with our partners at Indy Aquatic Masters. Carmel Swim Academy is a site for their program. **You can find information about those classes here.**

For teens and adults who would prefer to learn in a private/semi-private setting, CSA is delighted to offer that option. These classes are specifically designed to make swimmers 15 and older comfortable and proficient in the water. Swimmers will learn water safety basics and progress through a curriculum grounded in the competitive strokes of swimming to feel confident in the pool.

Please fill out this form if you are interested in private or semi-private swim lessons.

Completing this form does not guarantee you a spot within our program. Once we receive your inquiry, we will email you regarding your position on the waitlist and obtain any additional information we may need to assist with scheduling.

Pricing Information

- Private Lessons (1:1): 5, 45-minute lessons = \$300

Schedule

Lessons are typically scheduled Monday through Friday between 10 AM and 2 PM. We do not have weekend or evening availability at this time, but will update this information as scheduling opportunities change. All scheduling is based on the instructor's availability.
